

HELP US STAY OPEN FOR BUSINESS

AVOID CORONAVIRUS (COVID - 19)

When on these business premises, please:

- **Do not shake hands**, be creative in your greetings, but let's avoid the hand shake.
- **Avoid touching your eyes, nose and mouth** as your hands touch many surfaces and could potentially transfer the virus. Wash your hands if you have done so.
- **Maintain social distance** – stay at least one metre away from somebody who is coughing, sneezing or has a fever, or just anybody.
- **Wash your hands often with soap and water** for at least 20 seconds. If soap and water are not available, use the alcohol-based hand sanitiser provided.
- **Cover your mouth and nose with bent elbow or tissue** when you cough or sneeze. Throw away the tissue in a bin immediately and wash your hands.

Even if you are away from our business premises:

- **Seek medical care** if you have flu-like symptoms and experiencing cough and difficulty breathing.
- **Avoid consumption of raw or undercooked animal products.**
- **Avoid travel** if you have a fever or a cough.
- **Avoid contact** with people who have respiratory infections.

In turn we will clean and disinfect objects and surfaces that are frequently touched.
